Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 15 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry overnight. Cloudy with some rain on Wednesday.

This Evening and Tonight:
Sunny and dry during the evening. Plenty of clear spells remain overnight, allowing the odd rural fog patch to form. Cloud moving in from the west through the early hours, producing a little drizzle in places. Minimum temperature 8 deg C (46 deg F).

Wednesday:
Cloudy towards the west through Wednesday with outbreaks of rain. Largely dry with some sunny spells elsewhere. Cloud increasing later, with a risk of thundery showers overnight in the east. Maximum temperature 24 deg C (75 deg F).

Outlook for Thursday to Saturday:
Heavy showers clearing early on Thursday and turning brighter later. Cloudy with the odd heavy shower on Friday. Dry with sunny spells on Saturday.
